STAYING SAFE

More information for this will be given once we know more about the courses.

MARSHALS

Please be advised all marshals are volunteering their time for free and without their assistance we would not be able to put the race on. Please respect marshals. Any abusive behaviour or language will result in immediate disqualification.

It is your responsibility to know the route and to ensure your own safety on course. Marshals are there purely for reference and directional purposes and are not permitted to stop traffic.

TIMING & RACE NUMBERS

Timing Chips

You will receive your timing chip at registration. Please attach your timing chip to the **LEFT-HAND** side of your **DRY** helmet. **Do NOT** stick your chip to the foam, reflective strips or transfers as it will not work.

Fitting the UHF Helmet Tag

The UHF helmet tag is used to time your cycle ride and is supplied as a self-adhesive label on a protective backing strip. You will only get one so please read the instructions below carefully before attaching it to your cycle helmet.

1. Before you attach the helmet tag, take a moment to check that the number printed on the tag is the same as the race number you have been issued.
2. The helmet tag should be attached to the **LEFT-HAND SIDE** of the dry helmet only as illustrated
3. The tag should be positioned as close to horizontal as possible when the helmet is on the head.
4. Peel off the protective backing and position the tag on the suitable part of the helmet.

WAVES

The Sportive start is self-ranking. All Athletes will start coming back through the finish line and will be set off in intervals. Faster Cyclists should position themselves at the front and slower cyclists at the back.

Frequently Asked Questions

OTHER INFORMATION

Cut Offs

Cut-offs are in place for athlete safety and marshal welfare. More timings for cut offs will be released closer to the event.

If you miss a cutoff, you will not be able to go down the red carpet and will be given your medal before the carpet.

Important Information

Your tag will not work if placed on carbon fibre. If you have a carbon fibre helmet or the part of your helmet that you are attaching the tag to is made of carbon fibre, you will need to report to registration to obtain a seat label.

NEVER stick the tag directly onto your bike frame, handlebars, forks, seat posts or components. Your tag will not work as these parts are either made of metal or carbon fiber.

If there are any incidents on the course that enforce a route change, cut offs will be adjusted accordingly.

ALL ATHLETES MUST WRITE YOUR RACE NUMBERS ON YOUR GELS. RANDOM CHECKS WILL BE IN OPERATION AT THE START LINE.

Junior Cyclists

RIDERS UNDER 16 MUST BE ACCOMPANIED BY AN ADULT ENTERED INTO THE EVENT OR IT WILL BE ASSUMED THEY ARE FIT AND CAPABLE OF COMPLETING THE DISTANCE

LOST PROPERTY

Any lost property that has been found will be returned to our HQ. Please contact us after the event to retrieve any items. Local collection will be available or P&P (postage fees will apply).

Property will be kept for 7 days and if not claimed, will be disposed of.
